MERIDIAN AVENUE

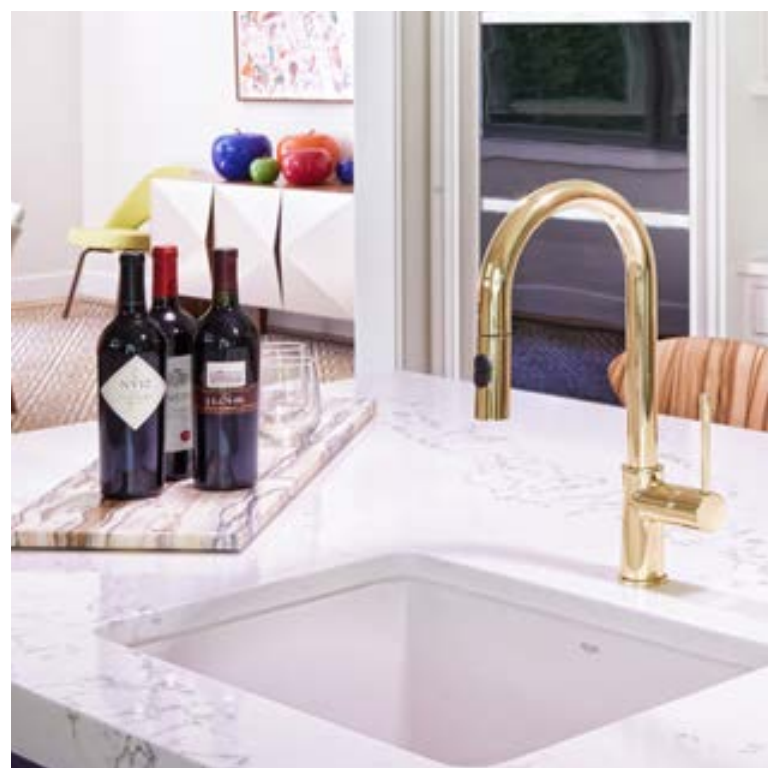

“The space within becomes the reality of the building.”
—FRANK LLOYD WRIGHT

MODERN MINIMALISM

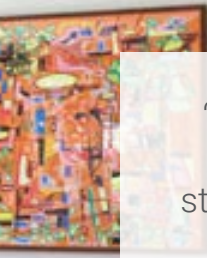

This sprawling waterfront home, located on **MERIDIAN AVENUE** along Miami’s Intracoastal Waterway, is designed and built to sell. With finishes in Calacatta Gold Marble, porcelain concrete tiles, and a magnificent custom walnut floating staircase, this home is the epitome of modern Italian design.

BROOK ROAD

MID-CENTURY BEACH GETAWAY

Vivid colors and elements drawn from the Mid-Century period complement the elements of the beach and ocean on **BROOK ROAD**. The use of bold blue, lime greens and tones of the summer sunset gives a modern, lively element to this traditional Westhampton Beach residence.

“Color in certain places has the great value of making the outlines and structural planes seem more energetic.”

—ANTONIO GAUDI

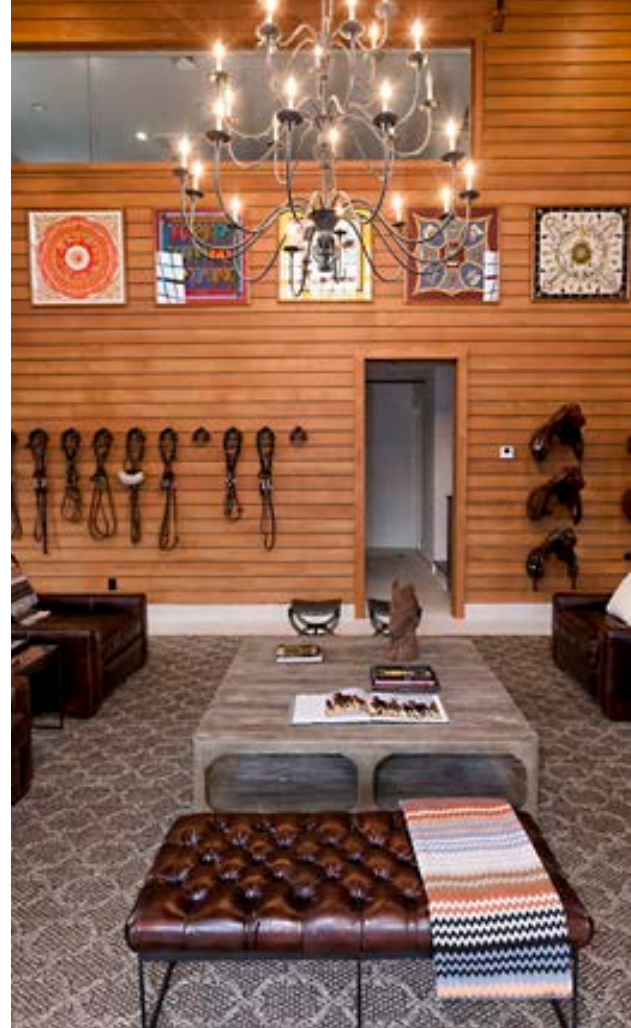

WEST POND DRIVE

“The home should be the treasure chest of living.”

—LE CORBUSIER

EQUESTRIAN MASTERPIECE

Framed vintage Hermes scarves line the mahogany walls of the **WEST POND DRIVE** tack room, featuring leather seating, custom millwork, and imported iron saddle and bridle racks. This Bridgehampton reception room is designed for the equine connoisseur with a vision of coupling the fine French 1832 Hermes saddlery and a modern-day working facility.

NORTHWEST ROAD

“Every one of my buildings
begins with an Italian journey.”

—ALVAR AALTO

ITALIAN GARDEN

When designing **NORTHWEST ROAD**, the landscape became our interior concept. Nestled in prestigious East Hampton, the gardens were overflowing with hot pinks, purples, blues and green. The iconic Missoni Home brand is featured here making the Freesia flower our design element complementing this poolside masterpiece.
